	Logo on Backgrounds	Approved & approved-with-care uses
08	Brand Voice	Tone, personality & voice examples
	Brand Applications	Sample uses across touchpoints
10	Misuse	What never to do

INTRODUCTION

About A3

A3 is a tech brand operating in the Technology space.

This document establishes the visual identity standards that define how the brand presents itself across all platforms and touchpoints.

Every element within these guidelines has been carefully considered to reflect the brand's core values: innovative, trustworthy, modern, bold.

These standards are designed to ensure consistency, professionalism, and immediate recognition wherever the brand appears — from business cards to billboards.

Design Principles

Clarity over complexity

Bold but refined

LOGO DON'TS

**Don't stretch**

Never distort proportions.

**Don't rotate**

Never tilt or rotate the logo.

**Don't add effects**

No shadows, glows, or outlines.

**Don't use on busy backgrounds**

Always maintain legibility.
